

Health & Safety Protocol at The Pebble Beach Concours d'Elegance

The Pebble Beach Concours d'Elegance, held at Pebble Beach Resorts, has initiated enhanced health and safety protocols related to COVID-19 and the Delta variant in accordance with recommendations by the Center of Disease Control and Prevention, the California Department of Public Health and the County of Monterey Health Department. These updated protocols reflect Pebble Beach Company's mission to provide world-class experiences while protecting the health and safety of its guests, employees and community.

All employees of Pebble Beach Company will be required to wear masks during their time on resort property for the Pebble Beach Concours d'Elegance, beginning Wednesday, August 11 through Sunday, August 15. This includes both at indoor and outdoor settings.

Masks are also required for guests, event participants, and judges of the Pebble Beach Concours d'Elegance at all indoor events and settings from Wednesday, August 11 through Sunday, August 15. All guests are strongly encouraged to wear masks when outdoors at the Resorts as well, regardless of vaccination status.

In addition to reducing the overall number of tickets sold and credentials offered for the 2021 Pebble Beach Concours d'Elegance, this year's show field will be expanded to include the 17th hole (in addition to the 18th) to allow for adequate social distancing. All event participants, judges and guests will be required to wear masks indoors, and strongly encouraged to wear masks outdoors while on the show field, for Sunday's 70th Pebble Beach Concours d'Elegance.

To support guests, hand sanitizer stations will be located throughout the resort, and signage will also be placed throughout the property, communicating specific mask requirements, and encouraging mask usage overall. In addition, Pebble Beach Company employees will be handing out complimentary masks at all event and building entrances and reminding guests of the indoor mask requirement and strongly recommending the use of masks outside as well.
